

A star both on and off the pitch

Paul Norman – Captain of Parkfield's under 16's

During the summer break of 2009, when most players and managers were enjoying their holidays, Paul Norman (our under 16 team captain) prepared a very well drafted letter explaining his and the club's core beliefs and a brief history of both our team and the club.

Paul also explained some of the difficulties experienced being involved in a youth football team, including the need for financial input to maintain match day kits and equipment. Despite the current economic difficulties, Paul closed a deal with Crown Honda in Bushey who are now the Under 16's kit sponsor. In addition, Paul has also been in negotiation with Guinness Brewery, who has now provided a complete set of training tops for the entire team for this coming season.

This intuition, commitment, assertiveness and maturity is very typical of Paul's nature. He conducts himself very well and is passionate about everything he does. He is a credit to himself and his family. This is a fantastic success story and I only hope it inspires other young footballers to make a difference as Paul has done. Well done Paul and thank you, this is a huge achievement and you have done your team proud!
